

Jr. Hoops

Skills Camp & Mini-league

1st & 2nd Grade

Our program is specifically designed to give young players a low-key, instructional introduction to basketball.

Kids learn the basic skills and terminology needed to enjoy the game of basketball. Dribbling, defense, proper shot technique and good sportsmanship are emphasized!!

After the 2nd clinic session, kids will be divided evenly among teams – parent volunteers will coach the teams. Games will be played on a short court with lowered baskets for more success!
